

Marine Industry Liability Product Profile

Tailored cover. Fast turnaround. Backed by marine specialists.

Marine Industry Liability

At Quay Marine Insurance, we understand that no two marine businesses are the same.

Our Marine Industry Liability product offers brokers flexible and competitive solutions for their marine clients — backed by experienced marine underwriters who know the risks, language, and market.

Quay Marine Insurance provides a specialised marine liability product to cover the legal liability to third parties for injury or damage arising from marine related business activities

Not only can brokers obtain instant quotes through our online portal, policies can be bound online with all policy documentation instantly emailed to the broker.
